

**REMARKS/ARGUMENTS**

**I. Status of Claims**

Claims 1-48 are currently pending in the application.

**II. Election with Traverse**

The Examiner has imposed a Restriction Requirement requiring an Election between:

Group I, claims 1-13;

Group II, claims 14-19 and 35-42; and

Group III, claims 23-33 and 43-48.

Applicants respectfully submit that it would not be a serious burden on the Examiner to search and examine all of the claims. Under MPEP § 803, "[i]f the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions". In the Applicants view, there exists enough common and related subject matter in the claims such that it would not be an undue burden for the Examiner to examine all of the claims.

Accordingly, the Applicants believe that the restriction requirement should be withdrawn in view of the related subject matter in the claims and that examination of the application would not be a burden.

Should the Examiner disagree with the above arguments, Applicants provisionally elect Group I, claims 1-13, for further prosecution in this application.
